

The European Delirium Association 7th annual meeting Bielefeld, Germany

Scientific Congress On Delirium October 18th - 19th, 2012

Pre-meeting:
1. deutschsprachiger Delirtag, 17. Oktober 2012

Program schedule

www.eda2012bielefeld.org

Version 3.0 (final) - October 9th

Mittwoch, 17. Oktober 2012

13.00-14.00	Anmeldung und get-together					
	Raum	Assapheum, Großer Saal				
14.00-14.15	Begrüßung	Christine Thomas und Rüdiger Noelle, Bielefeld				
14.15-15.00	Plenar- vorträge	Walter Hewer, Rottweil: Diagnostik und Therapie bei Delirverdacht				
15.00-15.25		Simone Gurlit, Münster: Delirprävention perioperativ - was hilft?				
15.25-15.45		Julia Bringemeier, Bielefeld: Delirprävention im Allgemeinkrankenhaus - das help+ Konzept				
15.45-16.00		Michael Schulz, Bielefeld: Qualifikation für Pflegekräfte - Bachelor Psychiatrische Pflege und Qualifikation zur Delirpflegekraft an der FhdD				
16.00-16.20	Kaffeepause					
16.20-16.40	Plenarvortrag	Wolfgang Hasemann, Basel: Das Baseler Demenz-Delir-Programm				
16.40	Aufteilung in die Workshops					
	Raum	Assapheum, Großer Saal	Assapheum, Jünglings Saal	Festsaal 2	Festsaal 1	Frieda von Bodelschwingh Saal
16.45-18.00	Workshops	Risikoerfassung und Delir-screening auf der Station	Delir-Screening mit dem CAM	Delirant oder Depressiv - die Pflege ist gefordert	Das help+ Konzept in der Alltagsumsetzung	Differentialdiagnostik anhand von Fallbeispielen
		Wolfgang Hasemann, Basel	<ul style="list-style-type: none"> Annete Schulze Bonsel, Bielefeld Christine Thomas, Bielefeld 	Rüdiger Noelle, Bielefeld	<ul style="list-style-type: none"> Julia Bringemeier, Bielefeld Anne Pizzacalla, Hamilton, Canada 	Lutz Drach, Schwerin
18.00-18.15	Abschluss	Zusammenfassung und Ausblick				
18.15	Ende					
18.30-open	EDA Board meeting					

Thursday, 18th October 2012

07.30-08.30	Registration	
	Room	Assapheum, Großer Saal
08.30-08.50	Opening	Christine Thomas, Stefan Kreisel, Martin Driessen, Alasdair MacLullich
		Chair: Alasdair MacLullich
08.50-09.10	Plenary lectures	Karin Neufeld, Baltimore, USA: Overview of current delirium instruments
09.10-09.35		Gebhardt Sammer, Giessen, Germany: Neural mechanisms underlying attention; state of the art for the delirium specialist
09.35-09.55		Fergus Doubal, Edinburgh, UK: Cerebral small vessel disease: Imaging, mechanisms and clinical features
09.55-10.15		Yoanna Skrobik, Montreal, Canada: How to differentiate over-sedation from delirium?
10.15-10.45	Coffee	
		Chair: Stefan Kreisel
10.45-11.00	Headline trial results	Annemarieke de Jonghe, Amsterdam, The Netherlands: Effects of melatonin on delirium in hip fracture patients: first reports of a randomised, placebo-controlled, double blind trial
11.00-11.05		Keynote introduction: Stefan Kreisel, Bielefeld, Germany
11.05-11.50	Keynote	Christian Bien, Bielefeld, Germany: Immune-mediated encephalopathies as differential diagnoses in acute/subacute delirious states
11.50-11.55	Responses	From a geriatric perspective: Alasdair MacLullich, Edinburgh, UK
11.55-12.00		From a psychiatric perspective: David Meagher, Limerick, Ireland
12.00-12.15		General Discussion
12.15-13.15	Lunch	
13.15-14.15	Posters -n- coffee	

Room		Assapheum, Großer Saal	Festsaal 2
Topic sessions	Etiology / Pathophysiology (extended session)		Prevention
	Chairs	Barbara van Munster	Koen Milisen
	Colm Cunningham, Dublin, Ireland		Najma Siddiqi, Leeds, UK
	Introduction		🕒 14.15-14.35
	Jouko Laurila, Helsinki, Finland		Delirium prevalence in nursing homes. PiTStop: A Pilot Trial of Stop Delirium! in care homes
	🕒 14.15-14.25		Arendina van der Kooi, Utrecht, The Netherlands
	High frequency of in-hospital complications among geriatric patients with delirium		🕒 14.35-14.45
	Debbie Shawcross, London, UK		Use of physical restraint in Dutch Intensive Care Units: prevalence and motives
🕒 14.25-14.55		Mark van den Boogaard, Nijmegen, The Netherlands	
The role of inflammation in the pathogenesis of neurocognitive dysfunction in cirrhosis		🕒 14.45-14.55	
Colm Cunningham, Dublin, Ireland		Evaluating a delirium prevention policy using prophylactic haloperidol in critically ill patients with a high risk for delirium	
🕒 14.55-15.15		Wolfgang Hasemann, Basel, Switzerland	
Two mouse models are better than one: Cytokines, prostaglandins, synaptic loss and acetylcholine in acute cognitive dysfunction		🕒 14.55-15.15	
Emma Vardy, Newcastle, UK		Delirium and its prevention: The Basel experience	
🕒 15.15-15.25		Varalak Srinonprasert, Bangkok, Thailand	
History of a suspected delirium is more common in Dementia with Lewy bodies than Alzheimer's disease: a retrospective study		🕒 15.15-15.25	
Roanna Hall, Edinburgh, UK		Improving sensitivity in screening for delirium in hospitalized older patients	
🕒 15.25-15.45		Anne Pizzacalla, Hamilton, Canada	
Cerebrospinal fluid research in delirium: Studies of markers of stress, inflammation and CNS damage		🕒 15.25-15.45	
		The Hospital Elder Life Program (HELP) in different hospital settings	

15.45-16.15 **Coffee**

= Submitted oral presentations

	Room	Assapheum, Großer Saal	Festsaal 2	Festsaal 1	Ophir
		<i>... session continues</i>	Cases: "Confusion" in epileptology, internal medicine and neuropsychiatry	Drugs causing delirium: changing prescribing practices	Implementation of delirium prevention in the hospital setting
	<i>Chairs</i>	Barbara van Munster	Lutz Drach	Anne Pizzacalla	Wolfgang Hasemann
16.15-17.45	<i>Workshops</i>	Arjen Slooter, Utrecht, The Netherlands ⌚16.15-16.25 Cognitive impairment after intensive care unit admission: a systematic review	Christian Brandt, Bielefeld, Germany Video seminar: Differential diagnosis complex-partial seizures ▪ Lutz Drach, Schwerin, Germany ▪ Walter Hewer, Rottweil, Germany	▪ Martin Wehling, Mannheim, Germany ▪ Anne Pizzacalla, Hamilton, Canada ▪ Michael Guhra, Bielefeld, Germany	▪ Jane Smith, Bradford, UK ▪ Mary Godfrey, Leeds, UK ▪ Julia Bringemeier, Bielefeld, Germany ▪ Wolfgang Hasemann, Basel, Switzerland
		Joost Witlox, Alkmaar, The Netherlands ⌚16.25-16.35 The long-term neuropsychological sequelae of delirium in elderly patients with hip-fracture	Cases from internal medicine and neuropsychiatry		
		Catherine Widmann, Bonn, Germany ⌚16.35-17.05 Persistent cognitive deficits after systemic inflammation			
		<i>general discussion</i> ↗			
17.50-18.05	<i>Reports</i>	Reports from the workshops			
18.05	<i>End</i>				
start 19.30	<i>Night-out</i>	Over the roofs of Bielefeld - food and drink and delirious talk at the Bernstein			

Friday, 19th October 2012

07.30-08.30	Registration	
	Room	Assapheum, Großer Saal
08.30-08.35	Opening	Christine Thomas, Stefan Kreisel
		Chair: Birgitta Olofson
08.35-09.00	Plenary lectures	Martin Wehling, Mannheim, Germany: Challenging delirium prevention: Rational drug use in the elderly
09.00-09.25		Carol Brayne, Cambridge, UK: Psychiatric epidemiology: Measuring dementia and depression in community populations
09.25-09.50		Jörg Schulz, Aachen, Germany: Parkinson syndromes and Lewy-Body-related dementias: Phenomenological overlap with delirium
09.50-10.15		James Rudolph, Boston, USA: Current status of delirium diagnosis in the USA
10.15-10.30		Lucy Bradshaw, Nottingham, UK: Does specialised delirium care improve outcomes? A randomised controlled trial
10.30-11.00	Coffee	
		Chair: Christine Thomas
11.00-11.15	Headline trial results	Alessandro Morandi, Cremona, Italy: The EDA survey of clinical practice in delirium
11.15-11.20		Keynote introduction: Christine Thomas
11.20-12.05	Keynote	Theodore Stern, Boston, USA: Psychiatric syndromes that look like delirium: differential diagnosis and treatment
12.05-12.10	Response	From an ICU perspective: Yoanna Skrobik, Montreal, Canada
12.10-12.25		General discussion
12.25-12.30		Announcement EDA 2013 meeting in Leuven, Belgium
12.30-13.30	Lunch and coffee	

		Room	Assapheum, Großer Saal	Festsaal 2
			Risk and precipitating factors; Epidemiology	Special palliative care session
		<i>Chairs</i>	Jouku Laurila	Alasdair MacLullich
13.30-15.00	Topic sessions		Sophia de Rooij, Amsterdam, The Netherlands ⌚13.30-13.50 Circadian rhythms in delirium	Annmarie Hosie, Sydney, Australia ⌚13.30-13.40 A systematic review of the prevalence and incidence of delirium in specialist palliative care inpatient units.
			Hilal Tekatli, Utrecht, The Netherlands ⌚13.50-14.00 Epidemiology of delirium in the Intensive Care Unit	Elke Detroyer, Leuven, Belgium ⌚13.40-13.50 Detection of delirium by nurses in palliative care unit patients using the Delirium Observation Screening (DOS) Scale
			Arjen Slooter, Utrecht, The Netherlands ⌚14.00-14.10 Long-term outcome of delirium in critically ill patients	David Meagher, Limerick, Ireland ⌚13.50-14.20 Disentangling pain, fatigue, mood disorder and delirium
			Stefan Kreisel, Bielefeld, Germany ⌚14.10-14.20 Point prevalence of delirium in the elderly in a German general hospital: Increasing accuracy of estimation using random survey sampling	Hendrika Janne Luijendijk, Nieuwkoop, The Netherlands ⌚14.20-14.30 Haloperidol in the elderly: a cause of death or caused by impending death?
			Daniel Davis, Cambridge, UK ⌚14.20-14.40 Delirium: epidemiological perspectives	Meera Agar, Sydney, Australia ⌚14.30-15.00 The impact of delirium on family and bereavement
			Barbara van Munster, Amsterdam, The Netherlands ⌚14.40-14.50 Underrepresentation of dementia patients in trials on therapeutic or prophylactic treatment of delirium. A systematic review.	
			Rowan Harwood, Nottingham, UK ⌚14.50-15.00 Prevalence and outcome of delirium amongst older people in general hospital. Can we diagnose it, and does it get better?	
15.00-15.15		Coffee	↓	

Room	Assapheum, Großer Saal	Festsaal 2	Festsaal 1
	Treatment and Management	... session continues followed by an expert panel discussion/workshop	Prospective multi-centre observational studies of delirium: Exploring the potential for collaboration in the EDA
Chairs	Sophia de Rooij	Meera Agar	Yoanna Skrobik
15.15-16.45	Niamh O'Regan, Cork, Ireland ⌚15.15-15.25 Delirium incidence, prevalence and motor subtyping in older medical inpatients	Shirley Bush, Ottawa, Canada ⌚15.15-15.45 The pharmacological management of delirium in palliative care	<ul style="list-style-type: none"> ▪ Daniel Davis, Cambridge, UK ▪ Alessandro Morandi, Cremona, Italy ▪ Stefan Kreisel, Bielefeld, Germany
	Niamh O'Regan, Cork, Ireland ⌚15.25-15.35 Delirium, subsyndromal delirium and delirium symptoms in an acute adult population	Expert panel: Discussion and workshop ⌚15.45-16.45 <ul style="list-style-type: none"> ▪ Shirley Bush, Ottawa, Canada ▪ David Meagher, Limerick, Ireland ▪ Meera Agar, Sydney, Australia ▪ Martin Weber, Mainz, Germany 	
	Arjen Slooter, Utrecht, The Netherlands ⌚15.35-15.55 Delirium monitoring in the ICU based on neurophysiological alterations		
	Claudia Spies, Berlin, Germany ⌚15.55-16.15 Delirium prevention and therapy in the critically ill		
	Gemma Brown, Edinburgh, UK ⌚16.15-16.25 Objective measurement of attentional deficits in delirium and dementia: a study using a novel computerised Word Building Task		
	Chantal Jochemina Slor, Alkmaar, The Netherlands ⌚16.25-16.35 Affective functioning after delirium in elderly hip-fracture patients		
	Jouko Laurila, Helsinki, Finland ⌚16.35-16.45 Proportion, stability and outcome of delirium subtypes among male and female geriatric patients.		
	16.50-17.00	Closing	
17.00	End
